

ENERGY & ENVIRONMENT

Pre-fabricated piping components

Spraying nozzle, Alloy 59/2.4605, for chemical industry

Operations: welded tube, reducers formed from plate, welding, pickling, testing.

Longweldingneck flange

Operations: forging, machining, testing

Pipes and pipe equipment

46 m welded tube, 1220 x 6,0 mm, 1.4529

Tubes formed from sheet and welded, 100% x-ray, pickled, for refinery/for chimney

6 Segment elbows, 45° and 90°, R=d, 1220 x 6,0 mm, 1.4529, 3.2 TÜV

Segment elbows formed from sheet and welded, 100%x-ray, pickled, for refinery/for chimney
